FHA 203(k)

Why FHA 203(k) loans?

- Renovation loans open up more choices to homebuyers in a low inventory environment
- Not every home is move-in ready and many buyers don't have extra funds for upgrades and renovations
- Home improvements can be personalized - for homebuyers and existing owners
- Potential for increased home equity upon completion of renovations
- Eliminates need for a second mortgage or use of high interest rate credit cards to fund renovations
